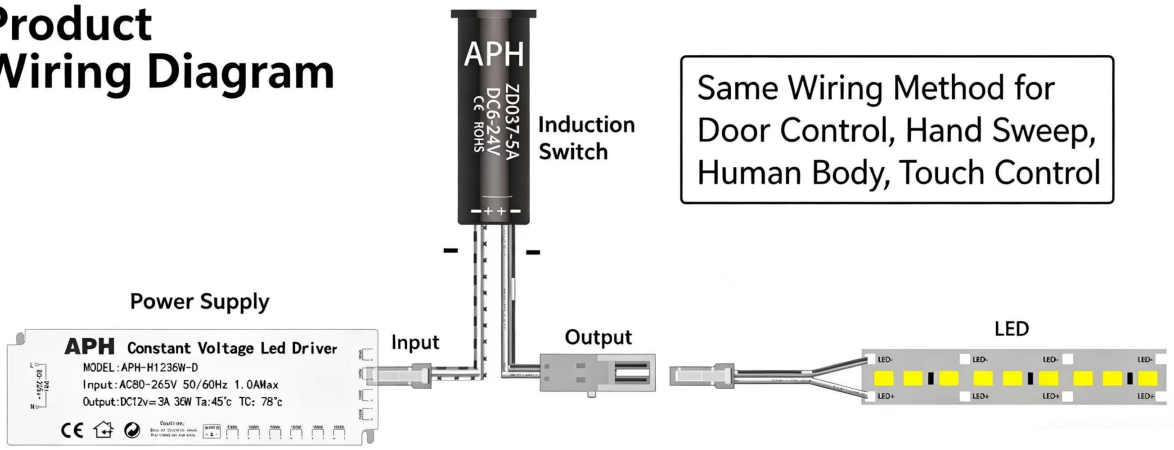
2 IN 1 MULTI ACTIVATION SENSOR GZ-SSMK26

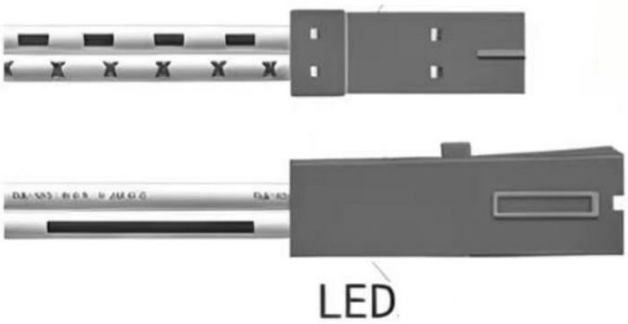
Product Features

Door Sensor
Sweep Sensor
Hole: 12mm cut out

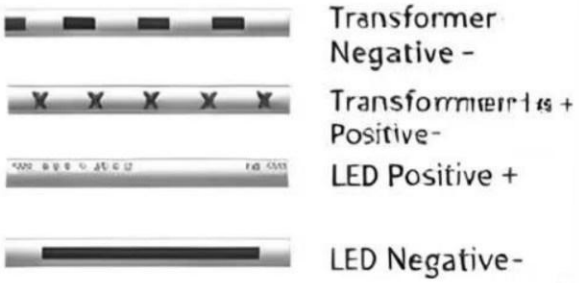
Product Wiring Diagram



Connect Transformer

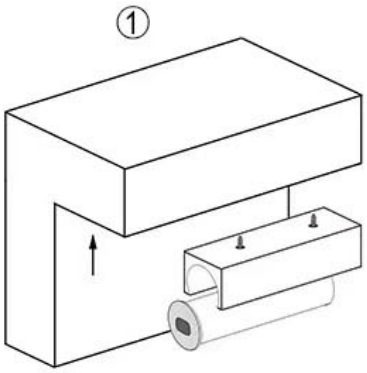


Wire Input/Output + - Pole Instructions

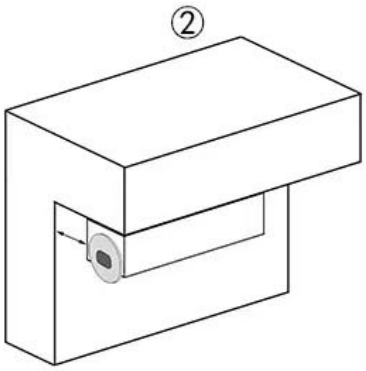


* The information in this datasheet may be changed by Everglow Lighting at any time without prior notice.

External Installation Instructions

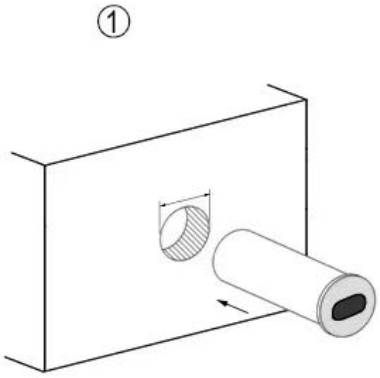


① Using the self-tapping screws from the accessory kit, first secure the square mounting bracket to the installation location.

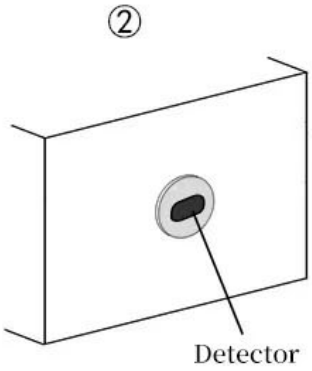


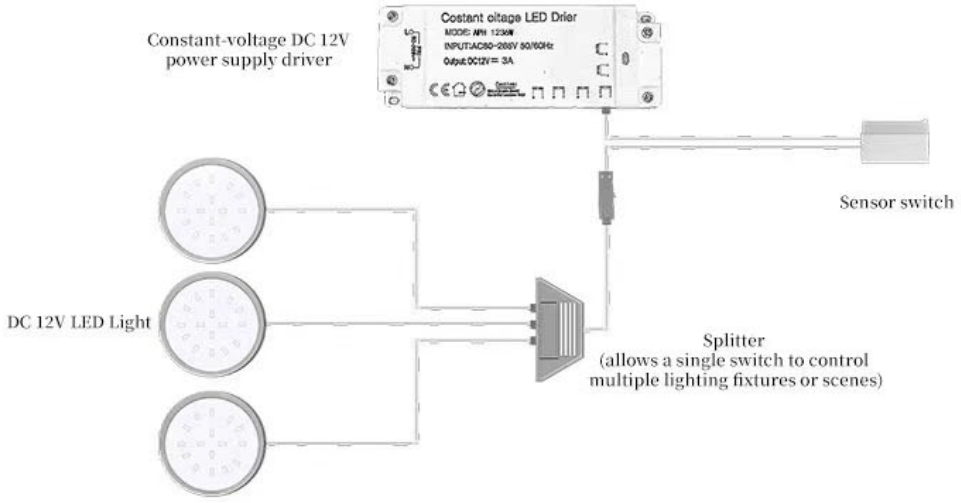
② Press the cylinder into the mounting bracket, taking care to align it as parallel as possible with the edge of the board.

Flush mounting



① Drill a counterbore in the shelf according to the ordered product dimensions. Hole size: ϕ12mm



② Gently press the cylindrical unit into the mounting position, ensuring it sits parallel; do not pull forcefully on the lead wires.


Connection and Usage Demonstration
